

Welcome to Pine Knob Golf Club

For years, golf enthusiasts from all over Michigan have made The Pine Knob Golf Course a "must play" track. Maybe it's their friendly staff, the great layout, or perhaps it's the recent updates in the course design that keeps golfers coming back. With their award-winning course designer, Dan Pohl, it's obvious that great course management makes the difference between a good round and a fantastic one. In the last few years, they have continually updated greens, bunkers and general course layout to make it a better golf experience.

Blessings in a Backpack

Feeding The Future Of America®

Blessings in a Backpack Overview

- Blessings In a Backpack is a "neighbor-helping-neighbor" program that is designed to help meet the nutritional needs of children and families.
- Each week, volunteers distribute backpacks filled with enough non-perishable food for the weekend (six meals) to "at-risk" students.
- Each backpack contains food such as tuna, Chicken, peanut butter, macaroni and cheese, soup, fruit juices, pastas, oatmeal, fruit, granola bars, and ramen noodles.
- While it seems unlikely that children in an affluent county like Oakland would go to bed hungry on weekends, in reality, between 4% and 88% of the students in the school districts researched, are at risk.
- The goal of the Blessings in a Backpack program is to keep these students from going hungry on the weekends and remove barriers to academic success.
- All 12 Clarkston Community School are involved in the program.

Benefits of the Program

- Research shows that healthy, well-nourished children learn better, are more likely to attend school and are able to take advantage of educational opportunities.
- Results from the Clarkston program have been outstanding. This program is making a difference in these children's lives.
- Results:

Increase Test Scores	45-54%
Improved Attendance	23-48%
Decrease Behavioral Issues	25-35%
Greater Attention Spans	35-44%
Improved Class Atmosphere	47-60%
Chance for long term gains	Yes
